Discontinuation of products

Dear customers and partners,

we are continuously developing our range of devices to meet the requirements of our customers and those of the market in terms of quality and conformity as well as future-proof design and function. Unfortunately, some models no longer meet these requirements due to the age of the product.

This results in the following product discontinuations coming into effect immediately:

Field of dust measurement technology:

PFM 97 W / PFM 97 ED
PFM 92 C
PFM 02 V
PFM 12
PFM 14
PFM 14 K

Field of gas analysis:

MCA 04
MCA 10 m
GD 10
MGA 05 / MGA 09
SGA 16

The current product portfolio offers compatible successor products with improved features. Our sales staff will be happy to provide you with further information and assist you on individual enquiries. We remain at your disposal for additional questions under:

Phone: +49 34205 7550

E-Mail: sales@foedisch.de

Best regards

T. Lambertz
General Sales Manager
